### **Artist-Author-Entertainer**

What started out as a string of volunteer ventures beginning in 2001 now serves as Chris's full-time vocation as he makes his living as an artist, a school-visiting author-illustrator and an entertainer.

In the last fifteen years, Chris has encouraged over **350,000 students** in over **1200 schools** and libraries in **39 states coast to coast** and has spoken at numerous events and conferences.

He is the creator of **three traditionally published books** (*The Adventures of Uncle Stinky*, Random House Kids) and **six books published through his own Thunder Enlightening Press**.

Over the last several years, Chris has been making his mark as a painter of over **140 murals** across the country.

He can be seen at **Six Flags Holiday in the Park** as the featured entertainer in "**The Uncle Chris Show**" (a persona and show of his own creation) and the host of the nightly tree lighting featuring a game show know as "**The Christmas Carol Showdown**," also of his own creation.
